Class of 2020

Glen Pfefferkorn and Morris Wendorf Camelid Scholarship

Why I chose veterinary medicine:

The veterinary profession provides the perfect platform for me to contribute to human and animal wellbeing simultaneously. This field brings my passions in animal husbandry, medicine, and research together into a meaningful career.

My career plans:

After graduation, I plan to work as a large or mixed animal practitioner with a focus on camelid, small ruminant, and equine medicine. I also hope to pursue my academic and research interests in zoonotic disease control and animal behavior throughout my career.

What this scholarship/award means to me:

I am honored to be a recipient of this important scholarship and am incredibly appreciative of the support from our donors. Scholarships have allowed me to be successful in school and pursue a degree which otherwise may not have been attainable. Thank you!
